Russian pride seems to want the Japanese to call it a dog-fall.

President Roosevelt went down in the submarine boat Plunger. If he had never come up the hopes of some office seekers would have gone down.

Of course a $1,000,000,000 indemnity is enough to make Russia want to risk another inning at the bat. Japan ought to know that Russia already feels like 30 cents.

The Mayor of Atlantic City, N. J., forbade the girls from wearing cream bathing suits in the surf. This is the first Mayor we ever heard of who doesn't like "peaches" and cream.

The Washington Star says President Roosevelt's going down in a submarine boat "was not a necessary enterprise." It was altogether necessary to show the "Peace Conferenc" that it was not absolutly the whole thing.

Mayor Weaver has had the Philadelphia voting list purged of 60,000 voters put there by the corrupt Republican gang of that city. We believe we have heard of this same Republican party's accusing Democrats of stuffing the ballot box.

The Summer girl season is about to close but she don't mind the freckles she got if she can only make some fellow feel all over in spots when she writes to tell him she got engaged to him just to have some fun during the Summer.

"All that New Orleans will need after this is to maintain a thorough quarantine to keep out pestilence," says the Boston Herald. Judging from reports about the Italian quarter, we should think it would also be a good idea to make the Italians quit using the bath tub as a coal bin.

THE LYNCH[illegible] AT NEWBERN

Sensation Pro[illegible]d as Result of Vigorous Act[illegible] by Governor—Wilmington [illegible] Has Souvenir.

Mr. J. F. Hawi[illegible] of the A. C. L. clerical force in this city, returned yesterday from Newbern where he went on business and incidentally was present in that city when the lynching took place there Sunday morning, an account of which appears on the third page of the Star to-day. Mr. Hawkins gives a graphic account of the scenes in and around Newbern before and after the lynching and brought home with him as a souvenir a piece of the hemp with which the negro was hanged. The hanging has caused a ripple of excitement all over the State. The following special telegram received last night by the Star from Raleigh will be read with interest in this connection:

Raleigh, N. C., August 28.—The first information Governor Glenn had of the lynching at Newbern was at noon to-day. He wrote the following letter to Solicitor L. I. Moore:

"My attention has just been called to the lynching of John Moore, a negro at Newbern. I know nothing about the facts or circumstances, but do know it is a most deplorable affair, one that should be condemned by every citizen of the State, as such conduct casts a blot not only on the community where it happened, but on the whole State. I have held myself ready at all times in such emergencies to have special terms of court, in order that speedy justice might be meted out to criminals and there is no excuse for any mob's taking the law in its hands and committing the detestible crime of lynching. Some times a mob, carried away by and frenzied on account of some unnamable crime, while not excused, is not so terribly condemned, but what excuse can be rendered for the taking of a man who had not committed a crime of this nature and who could have been cridgnly punished by the courts of this State, and without law or sentence take his life?

"Sheriff Biddle and Deputy Sheriff Williams, of Craven, ought to be able to furnish you the names of this mob I therefore, ask you to go to the scene at once and make a thorough examination to the end that the perpetrators of this crime can be brought to justice. Law and order and the good name of our State demand a most searching investigation and punishment of the guilty persons, and I feel that in you the State has an officer, who will see to it that no stone is left unturned to do what is right and just. You will have my cordial support in all you undertake."

Negro Doing Very Well.

The negro shot by the young son of Mr. Chas. Richters Saturday night was reported last night as doing remarkably well. Dr. Farthing said that the condition of the negro was surprisingly hopeful and that if he survived the night there was a good chance for his recovery. Young Richters is under $1,000 bond for his appearance for preliminary trial in any event, his father, whom he was defending, being surety for him in that amount.

ACADEMY OF MUSIC

Season 1905-'06 Will Be Inaugurared With Vaudeville Appearing Next Tuesday

SOME OF THE ATTRACTIONS

September List Includes Fields' Minstrels, "The Office Boy" and Ibsen's Doll House—"Clansman" Feature in October.

A galaxy of bright attractions is promised theatre-goers of Wilmington for the season of 1905-06 which opens with an engagement of high class vaudeville to-night week. The repairs at the Academy of Music are rapidly nearing completion and in a few days the finishing touches will be put on with the laying of new carpet in the aisles and lobbies and with other improvements that will be easily noticeable and appreciated by patrons of the house upon the occasion of their visit. It will be recalled that an entirely new set of house scenery was recently completed and this will prove refreshing to those who have gazed upon the rather time-worn effects of the stage in former years. Manager Cowan yesterday announced the attractions for September and October as follows:

September—Night of 5th, Vaudeville; 18th, "Reuben in New York;" 19th, Field's Minstrels; 20th, Eugenie Blair in Ibsen's "A Doll House;" 21st, "A Bunch of Keys;" 23rd, "Human Hearts;" 25th, Frank Deshon in "The Office Boy" (big musical comedy); 31st, "The Eternal City."

October 2nd and week (save 5th.), Gagnon-Pollock Stock Co.; 5th, Mason & Mason; 9th, Effie Elsler; 10th, "The Clansman;" 12th, Peter F. Baker.

Rest of month to two other big shows and the Mordaunt Stock Company for a week.

During November will be seen "Dare Devil Dorothy," Paul Gilmore, Lewis Morrison in "Faust" and so on. In December will be seen West & Vokes in "A Pair of Pinks;" "Black Patti," "The Beauty Doctor," Murray Comedy Company and others.

After-Christmas attractions have not been announced, but they are known to include Sousa's Band, "Mrs. Wiggs of the Cabbage Patch," Creston Clarke, Billy Kersand's Georgia Minstrels and others.

THE JOLLY HAYMAKERS.

Took Tramps in Loft and Enjoyed Collation Afterwards.

Immediately after the regular session of Eyota Tribe No. 5, last night, the wigwam was converted into a hay loft for the time being and the jolly Haymakers, the social order of the Red Men, held Imperial sway for about an hour. Seven tramps were lassoed and dragged into the loft after an exciting experience with the Reubens into whose merciless hands they fell. One of the candidates for crab-grass honors was from New York and being tall of stature, the hay stack was torn asunder as he went through.

After the wrestle in the grass the festive sons of toil repaired to the Dixie Cafe where an elegant collation was served by Proprietors Batson and Hergenrother. It was a late hour when the festivities came to a close.

DR. PIGFORD IN EXTREMIS.

Recurrence of Attack Suffered Some Time Ago—Hospital.

The many friends of Dr. E. S. Pigford will regret exceedingly to learn that he suffered another acute attack of something like paralysis at his home on Grace, between Front and Second streets, early Sunday morning. He was found in his room in an unconscious condition and had only partially regained his faculties when inquiry was made of his condition late last night at the hospital to which he was sent. He is considered very dangerously ill and hope for his recovery from the present attack is hardly entertained.

After Forty Years.

After an absence of 40 years Mr. Taylor Harriss, an old Wilmingtonian, has returned to his old home to visit relatives and friends and is the guest of his niece, Mrs. F. T. Skipper, 708 North Third street. Mr. Harriss is a brother of Mr. H. G. Harriss and the meeting of the two brothers after 40 years of separation can be better imagined than described. Mr. Harriss served in the Confederate Army and was numbered with the many heroes at the fall of Fort Fisher. At the close of the war he went North to reside; married there, raised a family and for the past 40 years has made the North his home. Recently memories of his boyhood days in the sweet, sunny South have prompted him to visit his old home where he is being greeted with a hearty welcome by all who know him.

Judge Russell at Saratoga.

Ex-Governor Russell, who left Wilmington about a week ago for treatment in the North, accompanied by Dr. John B. Cranmer is now in Saratoga, N. Y., where he will spend a while for his health. The Baltimore physicians whom the ex-Goxernor consulted said the trouble is an old, chronic ailment, a medical and not a surgical case. His condition was regarded quite satisfactory and after a brief sojourn North, he will return home.

Fourth Savings Bank.

The Star is able to state upon unquestionable authority that there is in process of organization under the auspices of the Atlantic National Bank, of this city, a fourth savings institution, which will be ready for business in the near future. The new bank will have ample capital and will be engineered along progressive lines. Definite announcement is expected within the next day or two.

SUSPICION OF POISONING.

Negro Woman's Sudden Death Caused Arrest of Her Companion.

Sunday night about 10 o'clock Coroner Bell was called to Terry's alley, near Fourth and Brunswick streets to investigate the sudden death of Jane Allen, a colored woman of questionable character, who had been drinking all day in her house with a negro named Henry Pierce, and was supposed to have been poisoned by her companion. The woman was apparently in the best of health until after she drank more liquor given her by the man. Then she keeled over and was dead before assistance could reach her. When Coroner Bell arrived on the scene and learned of the circumstances, he had Pierce arrested by Policeman W. R. Appleberry, and locked up at the police station without bond, pending a further investigation. Yesterday it developed that the negro woman died of alcoholism—a natural sequence to excessive drinking—and Pierce was discharged. Later however, he was arrested by Policeman J. H. Ottoway, at Fourth and Bladen streets, charged with selling liquor without license, it having developed during the inquiry into the death of the woman, that Pierce had been for some time something like a walking blind tiger. He was recommitted to the city prison and will be given preliminary trial by the mayor to-day at noon.

DR. GUTHRIE APPOINTED.

Prominent Young Southport Surgeon Leaves for New Orleans.

Dr. M. C. Guthrie, of Southport, on Sunday received a telegram from Surgeon General Wyman at Washington notifying him of his appointment as an assistant surgeon in the U. S. Marine Corps at a salary of $1,800 per year for life and ordering him to proceed at once to New Orleans for duty in the yellow fever service. The appointment was secured through a personal visit of State Republican Chairman Rollins and National Committeeman E. C. Duncan to Washington Saturday and Dr. Guthrie was notified by telegraph of his good fortune. He left Sunday afternoon for New Orleans to report at once to the U. S. Surgeon in charge of the yellow fever service there. Dr. Guthrie stood a very fine examination ten months ago for the position and his prospects for rapid promotion are exceedingly bright. He was for about a year assistant surgeon in charge of the James Walker Memorial Hospital in this city and has many friends in this city who will hear of his appointment with delight.

ITEMS OF MARINE NEWS.

Movement of Cotton Steamers—Two Schooners Arrive—Barque.

British steamer Buckminister, hence for Bremen with cargo of cotton, arrived out yesterday.

Two Wilmington bound schooners arrived off the bar yesterday and were towed up to the city late last night.

The British steamers Tolosa, Capt. Holttum, and Greatham, Capt. Gowing, have been chartered to load cotton here for Messrs. Alexander Sprunt & Son, and are expected to arrive early in September.

The British steamer Albuera, 2,259 tons, Capt. Grady, which arrived in port last Tuesday came up the river drawing 21 1-2 feet of water on a falling and "nep" tide. She was piloted up by Capt. A. M. Guthrie, of the pilot boat Calypso, without assistance.

An unknown barque was anchored eight miles off Carolina Beach yesterday. Seas were too heavy for her to go in at Southport and she is probably riding out a northeast gale where she is lying. Everything apparently was in good order.

FELL FROM SCAFFOLD.

Richmond Man Severely Injured By Fall at Cronly Yesterday.

Mr. William Carle, 42 years of age, a stack painter of Richmond, Va., who had been employed in tearing down a building at Cronly, fell from a scaffolding there yesterday morning and was so severely injured as to necessitate his being brought by Dr. Jordan to the hospital in this city for treatment. Dr. Jordan and his patient arrived on the 12:45 S. A. L. train yesterday afternoon and an examination with Dr. Farthing, in charge of the hospital, disclosed that Mr. Carle had several severe scalp wounds and contusions on the body but no bones were broken. He fell a distance of 25 feet to some timbers below and that he was not more severely injured appears a miracle. A report from the hospital last night was to the effect that the injured man was doing very well indeed.

AS TO ZEKE'S ISLAND.

Protest Filed to Entry of Insular Property in River.

Some time ago it was noted in these columns that Messrs. R. H. Pickett and Roger Moore had made entry, both in this and Brunswick county to the property off Federal Point, known as Zeke's Island. It was stated in the same connection that the property was claimed by the Walker heirs as a part of Smith's Island and that the original claimants would probably resist the occupation of the property by Messrs. Pickett and Moore. Through his attorneys, Messrs. Davis & Davis, Capt. J. Alvis Walker yesterday entered the formal protest and the case will now go up to the Superior Court.

Labor Day Excursion.

Attractive posters bearing an excellent cut of Lumina on Wrightsville Beach, were issued yesterday by the Seaboard Air Line advertising its big Labor Day excursion from Wadesboro, Rockingham, Laurinburg, Maxton, Lumberton, Clarkton and intermediate stations next Monday. The train will arrive here at 10:40 A. M. and return at 8:30 P. M., same day. The fare for the round trip ranges from $1 to $1.50 according to distance.

TRAGEDY AT BOLTON

Seventeen-Year-Old Boy Shot By Brother-in-Law for Supposed Burglar

SON OF S. A. L. ENGINEER

Wade Robertson's Tragic Death at Hands of Frank F. Hasty, Section Foreman—Exonerated by Coroner's Jury of Inquest.

Special Star Correspondence.

Bolton, N .C., Aug. 28.—Mistaken for a burglar in a dark room, Wade Robertson, 17 years old, was accidentally shot by Frank F. Hasty, at this place, about 1:30 Sunday morning, dying a few hours later.

Mr. Hasty has for the past five or six years held the position of section foreman on the Atlantic Coast Line's Bolton division and has always enjoyed the confiedence and esteem of the community in which he resides. The deceased who was a brother of Mr. Hasty's wife, has for about two months past been making his home with his brother-in-law and was for some time in the employ of the Waccamaw Land & Lumber Company. About 1:30 Sunday morning Mrs. Hasty was awakened by the sound of some one in the kitchen and rousing her husband told him that she thought there was a burglar in the house. There had been a number of petty thefts in the vicinity and this fact led Mr. Hasty to the conclusion that some one had forced an entrance into his home. The store of B. W. Brinkley has been entered several times by burglars and one night last week the warehouse of the Atlantic Coast Line was broken into and a sack of corn stolen. These circumstances have led every householder in the community to exercise more than ordinary vigilance in guarding his premises at night.

Upon being awakened by his wife Mr. Hasty took some matches from a table in his room and picking up a shot gun which stood behind the door, passed through the dining room to the kitchen where the noise had been heard. Striking a match, he threw the light into the kitchen but could see no one. The kitchen window, however, was raised and the binds were closed from which he surmised that whoever had been in the room had escaped through the window and fastened the shutters from the outside. When the burning match had died out Mr. Hasty raised his gun and fired with the object of frightening the supposed intruder from the premises. Even then there was no outcry and Mr. Hasty never dreamed that he had injured anyone.

After the shot was fired Mrs. Hasty went to the room where her brother slept and found the bed vacant.

"My God, Frank, you have shot Wade," she exclaimed, rushing back to her husband.

Procuring a light Mr. Hasty went to the kitchen and was horrified to find his young relative lying on the floor making feeble attempts to rise. He picked the wounded boy up in his arms and carried him to the bed, where, upon examination, it was found that the charge had entered his right side and upper arm. Everything possible was done to relieve the young man's sufferings and the neighbors were soon at his bedside. A telephone message was sent to Dr. D. W. Bulluck, of Wilmington. He arrived in Bolton on the 7 A. M. train and after an investigation he saw that the wound was mortal. Retaining consciousness to the last young Robertson passed away at 9:30 Sunday morning after asking his friends to pray that his life might be spared, joining in the petitions himself.

"Poor Frankie, I know he did not mean to kill me, and that he would rather give his life for mine," were almost his last words.

Mr. A. T. Clark, justice of the peace at Bolton, acting as coroner, held an inquest Suday afternoon, after empanelling the following jury: Ezra Delano, foreman, Ed. F. Carpenter, D. W. Williams, R. B. Hinson, W. J. Holton and Alex. McGregor. The witnesses sworn were Mr. and Mrs. Hastly, Mr. and Mrs. B. W. Brinkley, A. A. Long and Aaron Montgomery. An affidavit by Dr. Bulluck setting forth the cause of death, was read to the jury, as the doctor was obliged to leave on the noon train for Wilmingtn and could not appear at the inquest in person. After considering the testimony submitted the jury returned the following verdict:

"That the said Wade Robertson, came to his death on the 27th day of August, 1905, from the effects of a gun shot wound and said shot was fired by Frank F. Hasty with a view of frightening a supposed burglar from his premises. From the evidence submitted we also find that the said F. F. Hasty had no intention of injuring any one much less the deceased his brother-in-law, Wade Robertson, 17 years of age, and we hereby exonerate F. F. Hasty from any criminal intent in the matter."

The dead youth was a son of James Robertson, a well known engineer on the Seaboard Air Line, and whose home is at Freeman, a few miles from Bolton. He was a bright and promising boy, manly and courteous in his manner, well liked by every one who knew him. Mr. Hasty was raised in Scotland county, this State. North Carolina never produced a better specimen of sterling manhood and he and his wife have the sympathy of the entire community in the unfortunate circumstance that has come upon them.

Mr. Robertson, the dead boy's father-in-law, Mr. Hastly, Mr. and Mrs. B. W. Brinkley, says Wade was often in the habit of walking in his sleep and thus accounts for his presence in the kitchen at that hour in the morning. He was probably concealed by the half closed door when Mr. Hasty struck the match to investigate and changed his position before the shot was fired.

Fumigated Rice Shipment.

A freight car in which fifty sacks of rice had been shipped to Capt. R. W. Price, the broker, from New Orleans, was fumigated yesterday on the A. C. L. yards here by Health Officer Charlie Shepard upon the direction of Dr. Charles T. Harper, superintendent of health, to whom the receipt of the shipment was reported by Capt. Price. The fumigation of the car was in line with the recent order of the Board of Health in view of the yellow fever infection, that all shipments of whatever nature from New Orleans and other infected ports be fumigated before, being delivered here.

NEGRO'S FIENDISH CRIME

Charged With Assault Upon Colored Girl in Harnett Township—Details Are Dark.

John Gillespie, a mulatto of Harnett township, 21 or 22 years of age, was committed to jail without bond yesterday for trial in the Superior Court at the term beginning here September 25th, on a charge of criminal assault upon Lizzie Nixon, a respectable colored girl of 15 or 16 years, living in the same township. The alleged crime was committed yesterday afternoon a week ago, but Nixon evaded arrest until Saturday when he was caught at Rocky Point and brought down to jail here the same evening. The preliminary trial of Gillespie took place at 1 o'clock yesterday afternoon before Justice Furlong, in this city, sitting with Justice C. H. Alexander, of Harnett township, before whom the warrant was originally sworn out by a cousin of the victim of the assault with whom the girl lived, she being an orphan.

A. J. Marshall, Esq., appeared for the prosecution and the evidence against the negro was regarded quite conclusive. The trial attracted a large crowd of colored people from the country and some little feeling was shown. The evidence was to the effect that Gillespie, who had previously made improper proposals to the girl, met her at the house of her aunt some distance from where she lived. The girl left for home just before dusk, leaving Gillespie at the house of her aunt. She had gone out of sight of help when the young negro overtook her by taking a short route through the woods. He stopped her, but she evaded him and ran, whereupon he drew a pistol and fired after her. Frightened to death, she stopped and Gillespie at the pistol point, compelled silence. He handled her roughly and when his fiendish purpose had been accomplished near the roadside, the negro left and the girl went shouting towards home. Her cries were heard by colored people in the neighborhood who quickly went to the rescue. The girl's clothes were torn badly and there were marks of violence on her throat where she had been choked and dragged into the woods. The scene of the crime in every way verified the girl's story of the assault and a warrant was at once secured from Justice Alexander, who went with his constable, Mr. Canady, to make the arrest. Gillespie saw the officers coming and ran. He next turned up at Rocky Point and was arrested. He denies his guilt emphatically but the evidence against him is very dark. It is said that he has twice before been charged with the same offence but was so fortunate in each of the previous instances as to get off.

WILMINGTON, N. C.

Tuesday Morning, August 29.

CHINESE BOYCOTT SPREADING.

Notwithstanding the efforts of the American government to placate the Chinese and stop the boycott against goods and everything else American, the boycott is spreading. The boycott has even reached Yokohama, Japan, where on the 26th of July Chinese merchants doing business there refused to give freight to the American steamship Manchuria which was to have left July 28th for Hong Kong, China. The Chinese merchants gave as their reason that the coolies at Hong Kong would not dare to discharge the cargo of an American ship.

There are quite a number of Chinese of all classes at Yokohama and the boycott spirit spread among them, so that on Sunday, August 6th, a meeting of representative Chinese was held and the boycott and the reasons for it were discussed. The cablegrams says that there was an outpouring of Chinese eloquence and there was much talk of Chinese patriotism. When the Chinese get to talking of patriotism and national pride, it is indeed a sign that China is awakening, but the South which is so largely affected by the Chinese boycott, would prefer that this outbreak of nationalism on the part of the Chinese would be over something else than a matter which will seriously interfere with trade between the United States and China.

At that Sunday meeting the Yokohama Chinese agreed that it was necessary that the Chinese of a great port like Yokohama should fall in line with their countrymen at home. They discussed the boycott under five heads, that is whether to boycott American goods of all descriptions, banking, shipping, insurance and the refusal to labor for Americans in loading ships or for any purpose. They finally adopted the following:

First—Not to deal in American goods.

Second—Not to ship any goods on American steamers (more particularly to Chinese, as Chinese relatives would be punished.)

Third—That any Chinese merchant doing such business, through another, would be dealt with as if the business had been done by him.

Fourth—Not to do business with any American banking or insurance company.

Fifth—Some indulgence to be granted on account of goods to be shipped to ports whither none but American steamers ply.

Sixth—Any Chinese infringing these resolutions to be subject to a heavy fine.

American representatives in China are still making an effort to get the boycott called off at Shanghai and other Chinese ports, but while the Chinese officials appear to be co-operating in suppressing the boycott their efforts are half-hearted or indifferent.

Taking a view of the boycott situation, it appears to us that neither the attitude of the Washington government nor the tone of the American press have been calculated to bring about the end of the boycott. In the first place President Roosevelt struck a firm attitude and threatened to hold China to her treaty obligations, guaranteeing commercial relations and the protection of American interests in China. That should have been the last resort, and at all events the determination of our government should have not been made public till all other efforts had failed. Generally the press has discussed the boycott more in a humorous manner than otherwise. Altogether the discussion has not tended to help matters.

THE NEWBERN LYNCHING.

Newbern was the scene of a lynching Sunday morning, and as much as it is to be deplored there is hardly any who will not say that the brute got what he deserved. Nevertheless it is to be regretted that the people took the law in their hands, and at any rate their act cannot be approved under the the spirit that the majesty of the law should be maintained in North Carolina.

Even the negroes of Newbern approved the lynching of a member of their race who made a brutal assault on a white woman, away from the circumstances to terribly injuring her and disfiguring her for life. We have to turn keep from agreeing with them that the lynching was the best that could have been done under the circumstances. The lady, it is true, may recover, but there is no punishment under the law that would have been any measure of justice for her brutal assailant. It serves to show that the General Assembly should loose no time in amending the law so as to make all but successful attempts to murder subject to practically a life term in the penitentiary. The bond of only $300 required in the case and the penalty in the event that the negro had lived to be convicted, both tend to extenuate the lynching, yet we are sorry that Newbern will rest under the obloquy of having committed mob murder.

CURRENT COMMENT.

—The trouble about the Panama canal seems to be that no sooner does one man plan the great ditch than another ditches the great plan.—Atlanta Journal.

—There is evidence enough against those Taggarts without dragging in the testimony that they were on very friendly terms with a couple of United States senators.

—Senator Warner, of Missouri, walks and talks in his sleep. There are other Missouri politicians who would get themselves into trouble with the grand jury if they talked in their sleep.—Washington Post.

—As the beaten nation, Russia has put forth the unheard-of pretensions that peace shall be effected only on her terms. She has revealed her incapacity to win a war which she provoked. The prize of victory hangs far beyond her reach. Yet she refuses to make concessions and arrogantly rejects those offered by Japan in a spirit of conciliation. To not one point has she assented that was not practically settled in advance of the Portsmouth negotiations.—New York World.

The promise of a magnificant yield of corn and wheat and of most of the other products of the soil this year is encouraging, and the condition of things among the wage earners foreteils a prosperous winter. It is true that the Southern planters do not look forward to a mighty harvest of cotton, but it is expected that enough will be secured to prevent a serious scarcity, and those who are planing to get vastly higher prices for that staple are likely to be disappointed. Mr. James J. Hill's observations show that this country is better off now than any other. The evil effects of greed and scheming on the part of those who have improperly obtained control of vast tracts of land have not yet become intolerable.—New York Tribune.

TWINKLINGS.

—"At last," exclaimed Darwin, "I have discovered the missing link!" And reaching under the bureau he drew forth the other cuff button.—Chicago News.

—Lawyer (examining witness)—Where do you live? Witness—With my uncle. Lawyer—Where does your uncle live? Witness—With me. Lawyer—Um—yes. Where do you both live? Witness—Together.—Chicago News.

—"Did you tell your wife that you couldn't afford to send her to the seashore?" "I should say not; I'm no amateur." "Then how did you get her to remain home?" "Merely pretended to be anxious to have her go."—Houston Post.

—The Heiress—Papa, I am considerably embarrassed to discover that I am engaged to marry both the duke and the count. "How like your mother, to jump in and buy more than she wants, just because it is cheap!"—Life.

—"Look at me!" exclaimed the leading lawyer, warmly. "I never took a drop of medicine in my life and I'm as strong as any two of your patients put together." "Well, that's nothing," retorted the physician. "I never went to law in my life, and I'm as rich as any two dozen of your clients put together."—Medical Standard."

HOTEL BURNED.

Three Lives Lost and Four Persons Injured.

By Wire to The Morning Star.

Maranacook, Me., August 26.—Three lives were lost and four persons were injured by the burning of Hotel Maranacook here to-day. At noon, after it was thought that all of the 100 or more guests, whose lives were endangered by the fire, had been accounted for, it was reported that one was still missing and search of the ruins which had revealed three bodies was renewed.

The fire which is supposed to have been caused by a defective chimney spread rapidly through the two and one-half stories of the wooden structure.

Clerk Boutwell discovered the flames and rushing through the corridors, aroused all the guests. In doing this, however, he was seriously burned, and later, while attending to the guests in the cold air of the early morning, contracted a severe cold, which, it is feared, will develop into pneumonia. None of the guests saved their personal effects and many of them were unconscious by the time they had reached the open air.

THE COTTON MARKET.

The close was at practically the best point of the day or a net advance of 18 to 21 points.

The opening was strong at an advance of 9 to 18 points following higher cables and the dry weather in Texas. There was considerable for sale at the advance, but Southern and Wall street bulls supported the market and soon after the opening, prices showed a net gain of 18 to 21 points. This was followed by a reaction of 5 or 6 points under realizing but after ruling irregular during the middle session, the market firmed up again in the afternoon with the late months selling a point or two over the high point of the early session. The close was very steady. Sales were estimated at 550,000 bales. Temperatures in Texas were lower but the only indication of moisture was a forecast for showers in the pan-handle. A NEGRO LYNCHED

Mob at Newbern Sunday Morning Meted Out Death to John Wood.

HANGED AND BODY RIDDLED

Victim Was Negro Who Bruttally Assaulted Mrs. George T. Eubanks With a Meat Axe—She May Recover.

Newbern, August 27.—John Moore, the negro who brutally assaulted the wife of Postmaster Geo. T. Eubanks, at Clarks, with a meat axe Friday afternoon, was taken from the Craven county jail at 1:30 o'clock this morning and lynched. The mob was composed mostly of countrymen, neighbors of Eubanks, but there were citizens of Newbern in the crowd. The farmers arrived in town about midnight.

They did not make any demonstration until after 1 o'clock. Sheriff Biddle, who had been notified that an attempt to get Moore was about to be made, went out on the street to prevent the affair and was met by a few men, one of whom pointed a revolver at him and said: "Sheriff Biddle, we like you and mean you no harm, but if you go a step further we'll kill you. We want the keys to the jail. We are here for a purpose and mean to accomplish it."

Biddle told them he did not have the keys, saying that Jailer Williams had them. They kept guard over the sheriff, and, upon their return to the jail, a crowd of men had gathered around the jail and called Williams out on the porch. The men demanded the keys, and, upon his refusal to surrender them, held him up at the point of the revolver, secured the keys and made entrance to the jail, without making any undue noise or disturbance.

MOB COMPOSED OF FIFTY MEN.

The number around the jail at that time did not exceed fifty men. During this episode the alarm had been sounded and the naval reserves and cutter crew were summoned to guard the jail, but the farmers were too quick and had made away with the man. The general alarm, ten strokes of the bell, announced to the public that something extraordinary was taking place, and, almost immediately, the streets were filled with people.

SCENE OF THE LYNCHING.

Having got possession of Moore, the mob hurried him off to Neuse bridge, hauling him roughly up Craven street to the Neuse river bridge, about a half mile distant, and hung him from one of the iron cross pieces of the draw portion of the bridge, which is located at the Newbern end. After he had been hung his body was riddled with bullets; at least fifteen holes were seen in it.

After the terrible execution the mob dispersed. They made no noise during the whole affair and the generalship was perfect. The event, deplorable as it was, was the result, not of sudden hot-headedness, but of long and serious meditation. It is said that if the coud, under which Moore was placed at his preliminary examination, had been made larger, the lynching would never have happened.

THE CAUSE OF THE LYNCHING.

Justice Barrington made the amount of the bond only $300, an act which enraged the farmers greatly, and they determined to take the law in their own hands, feeling that, under the circumstances, the law could not make the penalty fit the crime. The statement is made more prominent by the fact that the neighbors kept Eubanks himself from shooting Moore at the time of his arrest, Friday afternoon, and urged him to allow the law to take its course. The men brought Moore to the city and delivered him to the sheriff. It is presumed that the parties of the rescue and lynching are, at least a portion of them, identical.

MOORE'S VICTIM IMPROVING.

Moore's victim is reported as improving. Dr. Street states that, unless blood poison sets in, she has a chance to recover, but that she will always suffer from the wound and will always be disfigured. The bones of the face and jaw-bone are broken and the wound varies from an inch to an inch and a half in depth.

VIEWED IN DIFFERENT LIGHTS.

The deed is looked on in different lights to-day, mostly commendatory of the mob's work. The ministers in the churches referred to the awful crime that such a thing should have been committed in Newbern. They term it an act of barbarism that should not be allowed to go unpunished. They expressed the hope that deep and full investigation will be made; that the guilty men, at least the leaders, may be discovered and brought to justice.

NEGROES APPROVE THE DEED.

The Observer's correspondent interviewed several colored men on the subject and, without exception, he found that they approved of the lynching. Some of the strongest witnesses against Moore were men of his own race. Those who approved of the lynching were not the low or rowdy sort, but men well thought of in the community and standing high among their people. They believe the deed will leave a lasting impression on the race. There is a disposition here among those who disapprove of the act to criticise Sheriff Biddle severally for not resisting the lynchers more, but the officer did all within his power, and an attempt to defend the prisoner would have been useless and doubtless another murder would have been committed.

Jailer Williams was helpless in the hands of many men who could have overpowered him if it were necessary. The failure to put a guard around the jail is considered the worst of lack of forethought on the part of the sheriff and the greatest source of censure.

DEED CAREFULLY PLANNED.

It is intimated that plans of the lynching had been devised long before nightfall and that, as far as was possible, the way was prepared for the speedy execution. It is said that some people knew, as early as 5 o'clock in the evening, that this lynching would be attempted. This, however, is not clearly proved. It was thought by the authorities that the excitement over the assault had died away and that the prisoner was safe.

The body was removed at an early hour this morning and placed in the jail to await the coroner's inquest which was held at noon. The verdict was that Moore came to his death by gun-shot wounds at the hand of persons unknown to the jury. The reason for this verdict, instead of death by hanging, was that, unless death was caused by stangulation, it is more probable that he was shot to death, as his neck was not broken. Moore was a very black negro, aged about 20, of vicious and sullen aspect. He was a stranger in this part of the county and was believed to be a tramp, although he was well dressed, and had a little money. He said, in his trial, that he lived in Dover, but, as he had previously named two or three other towns as his home, he cannot be placed anywhere. He had been employed in the Blades saw-mill, but had left there and, at the time of his crime, was not working. Having no friends to take charge of the remains, they were buried at the county's expense.

YOUNG LADY SUICIDES.

Sad Case of Whiteville Girl at Dunn Saturday.

Dunn, August 28.—Miss Emma Sellars, of Whiteville, died at the boarding house of Mr. J. W. Langley here Saturday night at 7 o'clock as the result of an overdose of laudanum which she took the same morning. The drug was evidently taken with suicidal intent.

The case was a rather peculiar one. About a week ago Miss Rebecca Jackson, of Dillon, S. C., came here to meet her lover, Mr. A. Hinson, of Horry county, South Carolina, who was in the picture business. A few days later Miss Emma Sellars, of Whiteville, came to meet her lover, Mr. B. Floyd, who seems to be in the same business and also from the same county. The young men arrived one day and found Mr. F. S. Jackson, father of Miss Jackson, in town, and they canvassed in other quarters. Yesterday Miss Sellars seemed to be in trouble, and Saturday morning about 3 o'clock took a dose of laudanum.

Miss Jackson says she came here to meet and marry Mr. Hinson and persuaded her father to go back home, saying that if Mr. Hinson failed to come Monday or Tuesday, as promised, and marry her, she would return home. Miss Jackson is about 19 years old.

Miss Jackson seems to be confident her lover will be here and make her his bride. She does not seem to know much of Miss Sellars.

SPIRITS TURPENTINE.

—A homicide occurred in Kinston Saturday night about midnight. Elbert Albritton, a young negro man was the victim and Harry Watson, also colored, is in jail accused of being his slayer. There are, it is said, eye-witnesses to the fact, yet Watson denies the crime. The coroner's jury, late Sunday afternoon, rendered a verdict that the death of Albritton was due to a pistol shot wound received at the hands of Harry Watson.

—Fire broke out at Newbern in the dry house of Blades nosiery mill at 3 o'clock Sunday afternoon and consumed the greater part of the factory. The fire raged fiercely and two small tenant houses nearby were burned. A strong northeast wind threatened the entire section of the town with destruction but the firemen had the flames under control before any further damage was done. The cause of the fire is unknown. The damage, so far as is known, is $3,000.

Mrs. Ed. R. Roscoe, of Reidsville, is in a precarious condition as a result of wounds received from being gored by a cow. She went out to feed the animal and was met at the door by the cow, which sprang upon her, trampling the woman beneath her feet and goring her with her horns. Mrs. Roscoe's entire body was badly lacerated and she was unconscious for several hours. It was thought at first that she would die but chances are good now for her recovery.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by failing hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Foezolt, merchant tailor, of Eight South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

CHEERING REPORT FROM NEW ORLEANS

Yellow Fever So Under Control That Refugees are Returning—Total Cases 1788—Deaths 260.

By Wire to the Morning Star.

New Orleans, August 28.—The following is the official report of the yellow fever situation up to 6 P. M.:

New cases 45; total cases to date 1,788.

Deaths, 5.

Total deaths, 260.

New disease centers, 18.

Total disease centers, 420.

Remaining under treatment, 181.

So thorough is the control of yellow fever in New Orleans believed to be now that it is expected that within the next ten days Dr. White will be able to re-organize his forces, dividing the city into districts instead of wards, and reducing the forces of workers now employed.

Interest attaches to the developments in connection with the discovery of yellow fever at Gulfport, Miss. Governor Vardaman some time ago announced that there would be proceedings against doctors in Mississippi who suppressed the existence of yellow fever. Details of the case of Mrs. Collins, the first Gulfport case reported, indicate that yelow fever was present at Gulfport several weks ago as she had been in Gulfport for several weeks before being taken sick. Dr. Wasdin found three cases of yellow fever in the neighborhood in which Mrs. Collins lived at Gulfport. As a result of the discovery of yellow fever at Gulfport and at Mississippi City, New Orleans doctors, who have patients on the Mississippi coast, are now advising their return to New Orleans where in the event of illness they may be sure of perfect treatment.

Many persons who went north on vacations on the appearance of fever, are now beginning to return to New Orleans believing that the worst is over.

WARM WIRELETS.

A New York dispatch states that the steamer Tallahassee has been sold by the Savannah Steamship Line to the Philadelphia and Boston Steamship Company. It is presumed that the Tallahassee will be put on the Philadelphia and Boston route.

At Fayetteville, N. C., yesterday the cases against former cashier Haigh and teller Myrover of the Bank of Fayetteville, were continued by Judge Fred Moore, by consent, until the November term. Experts on the books for both sides have not yet completed their examinations.

A Norfolk, Va., dispatch last night says: Owing to the inability of Engineer Reig to attend the coroner's inquest to have been held to-night to investigate the recent wreck on the Atlantic Coast Line, at Bruce's station was postponed until September 11th. Engineer Reig will, it is thought, not be able to leave the hospital until that date.

New York, August 28.—The Peconic was built at Liverpool, England, in 1881. She was 270 feet long, 345 inches beam and 22 feet 8 inches deep. She formerly sailed under the British flag and ran on the Phelps Brothers & Co.'s line between New York and Mediterranean ports. D. H. E. Jones, of the firm of J. W. Elwell & Co., of New York, is her present owner.

The week opened in the dry-goods market with the same firmness and independence which was exhibited last week by sellers and notwithstanding the unwillness to speculate regarding the future there dere insistent inquiries from jobbers for spot goods. Many lines were held at value and the outlook was for higher prices in many directions without demand being satisfied.

At Washington yesterday, the Inter' State Commerce Commission decided four cases brought by J. M. Kehoe & Co., of TerreHaute, Ind., against the Charleston and Western Carolina Rail' way Company, the Atlantic Coast Line Railroad Company, the Seaboard Air Line Railway and the Philadelphia and Reading Railway Company, the deci' sion declaring that the defendants' es' tablished charge of $1.00 per day for car demurrage is just and reasonable.

CHOLERA IN EAST PRUSSIA.

Several Deaths from Dread Pestilence.

By Cable to The Morning Star.

Berlin, August 28.—The official Reichs-Anzeiger to-day says that since August 16th seven cholera cases, three of which were fatal have occurred in the Weichseldist, east Prussia. Traffic from Weichseldist has been placed under medical and police control.

Dispatches from Danzig say the cholera bacillus appears to have spread further than the health authorities on Saturday supposed possible. A raftsman has died of supposed cholera in a hospital at Bromberg and two laborers of Fordon who drank of Weichel river water suddenly became ill. One of them died later, supposedly of cholera. Three rivermen from Galicia have been attacked presumably by cholera at Graudenz. The medical authorities are lightening their dictatorship, multiplying the stations along the river to prevent bathing or the use of water in any form, examining searchingly every person complaining of the least illness and are urging all families within the district to use the recognized precautions. These measures have been effective enough so far as Prussian territory is concerned though nothing is known concerning the station beyond the frontier.

CHINESE BOYCOTT LIFTING.

Minister Rockhill Says American Piece Goods Will be Received.

By Wire to The Morning Star.

Washington, August 28.—Of particu' lar importance to the Southern cotton spinners and weavers is the announce' ment by Minister Rockhill to'day that the Chinese boycott on American piece goods is about to be lifted. Cabling from Pekin the minister says that his information is to the effect that the anti-American boycott as a whole is gradually subsiding. The Chinese merchants of Shanghai dealing in piece goods, are strongly opposing the boycott and taking steps, Minister Rockhill believes, that are likely to stop it so far as piece goods are concerned.

PEACE OUTLOOK MORE PROMISING

Japan Will Back Down From Her Demands for War Indemnity

NEW BASIS OF COMPROMISE

Agreed to President Roosevelt's Sug- Refugies are Returning—Fatal Peace Will be Result.

By Wire to The Morning Star.

Portsmouth, August 28.—Tomorrow morning Baron Komura, acting upon instructions received from Tokio as a result of today's meeting of the cabinet and "Elder Statesmen," under the direct presidency of the Emperor of Japan, will submit to Mr. Witte a new basis of compromise, and that compromise, it is firmly believed to-night, will insure peace.

The revelation contained in the Associated Press' exclusive announcement tonight that President Roosevelt had already informed Emperor Nicholas through Ambassador Meyer that Japan was ready to waive the question of indemnity and submit the price to be paid for the northern half of Sakhalin to the judgment of a commission, but prepared the way for Japan's backdown upon the main issue. The announcement had been the sensation of the day. It had met with denials high and low. It was declared to be impossible, icredible. The Japanese declined to admit it and the Russians said they had no confirmation. Mr. Witte intimated strongly that St Petersburg had not apprised him of any such action by the President. There was even a disposition to ridicule the idea of arbitrating the price of half of the island. Nevertheless on all hands it was admitted if Japan took this position the ground was cut out from under Emperor Nicholas.

Mr. Witte by consummate skill in conceding all the demands of Japan involving the real issues of the war had manoeuvred his adversaries into a position where, unless they abandoned the claim for indemnity, they could be held responsible for continuing the war for blood money.

The Japanese by not forgoing the demand for indemnity practically turned the tables upon Russia and shifted the burden back to her shoulders if she does not consent to submit a minor issue to the impartial judgment of a tribunal. Mr. Witte publicly dissents vigorously from the proposition and there will still be a struggle with Peterhof, but if Japan tomorrow agrees to formally renounce all claims for direct or indirect compensation for the expenses of the war the big stumbling block to peace is out of the way.

Everything will depend upon the form in which the proposal is submitted. Should the renunciation be so coupled with the other proposition that Russia could claim it was still only a disguised demand for tribute, the gulf might only be narrowed, not bridged. All the private advices that reach the Russian mission from St. Petersburg indicate that the military party is bellicose, insistent that Linevitch be given a chance, and active in its insistence that negiations be broken off.

Mr. Witte feels the pressure of this sentiment and as a man of ambition he may not feel that he can afford to lay himself open to the charge that he is temporizing with the situation. He has power under his instructions to reject out of hand any proposition involving the payment of a kopeck of tribute. He need not consult this imperial master. He is a man of inspiration and he is quite capable if the Japanese proposition savor still of "blood money" to refuse even to accept it for transmission to St. Petersburg.

But such a stroke is not expected. Mr. Witte knows that public opinion both in America and Europe as well as in Russia would condemn him if he broke off the negotiations just as the way was opened for a possible accord.

While apparently the real negotiations leading up to today's denouement were conducter by the President at Oyster Bay, acting through Baron Kaneko on the one hand and Ambassador Meyer on the other, it is now believed that much has been going on beneath the surface here. Another indication of the sudden turn in the events was the arrival here tonight of Frank A Vanderlip, vice president of the City National Bank of New York. He registered at the hotel as "John Howard" and after dinner went to Mr. Witte's room and remained there one hours. When asked his mission Mr. Vanderlip said he was only "interested" in the situation. He had met Mr. Witte several years ago when he was at the head of the Russian finance ministry and had also seen him in New York upon his arrival. He had talked with him about the situation and the outlook in Russia, the state of the negotiations, etc.

He evaded inquiries as to the subject of a loan's being discussed but considering the importance of a "financial group" of which the City National Bank is a member, and the fact that the bank took a portion of the Russian loans, it is fair to assume the question of finance was not entirely ignored.

Some of the Japanese correspondents were greatly excited tonight over the reports that the Tokio government had surrendered on the subject of indemnity. They refused to believe, it declaring that it would cause a tremendous outburst of popular feeling in Japan.

Indemnity Waived.

The Associate Press has definite knowledge that several days ago President Roosevelt was authorized on behalf of Japan to waive all claim for indemnity or reimbursement for the cost of the war, and to cede back to Russia the north half of Sakhalin Island, leaving the "redemption" price of the same to the arbitration of a mixed commission. This statement was transmitted to the Russian Emperor through the American ambassador at St. Petersburg. An Associated Press telegram announced that the Czar's reply was "partially responsive" there is reason to believe that this proposition on behalf of Japan was not clearly understood at Peterhof but was supposed to be a revival of the effort of Japan to secure an indemnity under the guise of purchase money for the fraction of Sakhalin.

Russia Favorable to Peace.

St. Petersburg, August 28.—3:35 A. M.—The Associated Press dispatch from Portsmouth declaring that President Roosevelt was authorized several days ago on behalf of the Japanese to waive all claim for indemnity or reimbursement for the cost of the war and to cede back to Russia the northern half of the Island of Sakhalin, leaving the "redemption" price of it to the arbitration of a mixed commission, was received too late here last night to reach the general public but its significance was instantly recognized in the quarters where it became known.

There is every reason to believe, judging from the official expressions persistently given out by the foreign office since the beginning of the negotiations at Portsmouth, that this proposal by Japan to waive the question of indemnity goes far toward removing the last, and according to official explanations the only stumbling block in the way of peace.

The foreign office has said that every disputed point between Russia and Japan, with the exception of the payment of indemnity had been practically arranged on a basis satisfactory to both sides but that Russia would never pay an indemnity. If the latest proposals of Japan mean that she waives all claims to indemnity of any kinder description, giving up all idea of reimbursement of expense of war in any guise whatsoever and in place thereof is prepared to accept for the restoration to Russia of the northern half of Sakhalin, a "redemption" price to be fixed by an unbiased commission, this price to be determined upon the actual value of the island, and not to take into account Japan's war expenses or to carry a concealed indemnity to Japan, there is reason for assertion that, in all probability, Japan's proposal was never understood here in this way and for the deduction, according to the Russian official statement, that the stumbling block to peace can be removed and that there ought to be a new and promising basis for the continuance of the negotiations.

COTTON LEAK SCANDAL DRAWING TO A CLOSE

Associate Statistician Holmes Surrendered to Federal Authorities—Haas Will Fight.

By Wire to The Morning Star.

Washington, August 28.—Former Associate Statistician E. S. Holmes, Jr., of the Department of Agriculture, indicted together with F. A. Peckhan and Moses Haas, of New York, on the charge of conspiring to defraud the government by prematurely divulging the Department's cotton crop reports, surrendered to the United States marshal to-day, and later appeared before Justice Stafford and gave bond in the sum of $10,000, the amount agreed upon last Saturday before his arrival in the city. He was taken to the marshal's office by his attorneys, Messrs. Lester and Price, who also appeared with him in the court room.

District Attorney Beach made an effort to secure an increase of the bond to $20,000, but the effort was opposed by Mr. Lester and did not succeed. In moving for an iucrease, Mr. Beach presented an affidavit reciting the failure of Holmes to appear Saturday as per the agreement between himself and Attorney Lester and charged Mr. Lester with aiding Holmes in evading the execution of a writ for the latter's arrest Saturday night. He also said that facts had come to light showing that Holmes had realized $50,000 last December, that he had recently sold a mine in the State of Washington for $73,000, and had large sums of cash in bank safety vaults. He also said that the offense charged against Holmes is not extraditable and he argued that all these facts justified a large bond.

In reply Mr. Lester characterized as "gratuitous" the statement that he had assisted his client in avoiding arrest and related in detail all the perginations of Holmes since he fell under suspicion. He said that his client had at different times since then been near the Canadian border and could easily have escaped to another country if he had so desired. He also repeated that Holmes' failure to present himself on Saturday was due to delay in getting a letter to Holmes. The fact was brought out that Holmes was in Wildwood, N. J., from Tuesday to Saturday of last week.

Haas Depends on Technicalities.

New York, August 28.—Counsel for Mosese Haas who has been indicted in connection with the alleged cotton leak frauds, announced in court today that his client would fight the case at every step and, if necessary, he would take it to the Supreme Court of the United States. Haas who is at liberty under $10,000 bail, did not appear before United States Commissioner Hitchcock to-day. His attorney was present, however, and at the latter's request the hearing was put over until September 8th. In asking for the postponement the attorney said that Haas would question the validity of the warrant, the indictment under which he is held, and also the jurisdiction of the Washington courts in the matter.

HOMICIDE IN ASHEVILLE.

Lifeless Body of Man Found in Boarding House.

By Wire to The Morning Star

Asheville, N. C., August 28.—"Death at the hands of a person unknown" was the coroner's verdict at an inquest held to-night on the body of James A Daugherty, whose lifeless body was found in the hall of a boarding house in the city early this morning. An autopsy held to-night on the corpse showed two large clots at the base of the brain which were evidently caused by blows with a blunt instrument. Evidence adduced at the inquest failed to throw any light on the mystery of the man's death.

The local police authorities are engaged on the case.

GREAT WAVE SANK STEAMER

Went to Bottom During Gale Off the Florida Coast Sunday Morning

TWENTY MEN DROWNED

Only Two of Crew Escaped from Foundered Vessel—Pitiful Cries of Men Who Went Down With Ship.

By Wire to the Morning Star.

Fernandia, Florida, August 28.—Twenty men constituting all but two of the officers and crew of the American steamship Peconic bound from Philadelphia to New Orleans with coal, were drowned by thre sinking of that vessel off the coast of Florida to-day. The disaster was the result of a fierce gale which raged along the coast during the night and early morning. Lashed by the storm, an immense wave struck the vessel with terrific force about 12:30 o'clock this morning. The impact coming just as the vessel was making a turn caused a shift of the cargo and the vessel careened and sank immediately. The accident occurred so quickly that only two of those aboard her, an Italian and a Spaniard were able to save themselves. They succeeded in getting into a life boat, reached Amelia beach about noon and on landing told the story of the disaster. These men could speak no word of English. They said they were the only survivors of the crew of the Peconic, commanded by Captain Jones.

About midnight of Sunday, during the heaviest part of the storm which had raged all day, the officer of the deck gave the order to put further out to sea, fearing they were approaching the coast too nearly. In the endeavor to turn, the ship was struck with a heavy sea, the cargo shifted, giving a broadside, and instantly she began sinking rapidly. In less than ten minutes after the alarm was given she had gone to the bottem and no trace of her was left upon the waters. The account of their own miraculous escape out of all the ship's crew who went down, was something approaching the marvelous.

One of these men was at the wheel at the time the order was given the other was upon watch. As soon as the ship began to careen these two men rushed for one of the small boats which they jumped into as the vessel began to go down. With their knives they severed the ropes as the water's level was reached and the small boat was thrown far out on the waves. They furthermore say that they discovered through the blackness and storm the figures of part of the awakened crew, who, some of them, managed to crowd into another of the ship's boats. This was, however, caught in a trough of the sea, thrown violently against the ventilators, and then wedged fast. Their pitiful cry could be heard as the ship went down in the sea which swallowed her up.

Alone through the balance of the night in the awful wash of waters, with the storm raging and threatening each moment to swamp their small boat, these two men were gradually borne ashore toward Amelia island, landing just at 11 A. M. today. Their condition was pitable, with all the marks of a savage battle amid tempestuous seas. The men whose names are respectively Bagelline Humberti and Antonio Clark, were unable to speak in their native tongues and it was sometime before the facts of the disaster were thoroughly ascertained. They have testified to the correctness of the above report before a notary public and the community here kindly cared for their wants.

At the time of the disaster the ship was about 20 miles northeast of here, heading south and in the teeth of the gale. The small boat was thrown here and there until finally control was gained through handling the oars, enabling the two unfortunate survivors to pull ashore at last.

The only names that either of the two could give were Captain Jones, Mate James and Seamen Dominica Calaleno and Pasqual Indeciento. He says there were five Spanish firemen, one French sailor, one Spanish seaman besides himself and the balance were Italians.

The vessel had been engaged in the fruit trade from Central America to New Orleans, but on account of the quarantine regulations prohibiting the import of bananas she had been engaged for two voyages to carry coal from Philadelphia to New Orleans. She was a ship of 1,154 tons register, and had on board about 1,500 tons of coal. Counting officers and crew, there were 22 persons on board, twenty of whom were drowned. She arrived at Philadelphia August 4 and cleared for New Orleans August 19.

SMUGGLED HAVANA TOBACCO.

Government Seizes and Claims 108 Bales in New York.

By Wire to The Morning Star.

Washington, August 28.—A report has been received at the Treasury Department from custom officials at New York which shows that the 108 bales of Havana tobacco some time ago imported at Tampa and thence shipped to New York where it was seized, had been examined, with the result that about fifty per cent. of the whole shipment was found to have been properly appraised as filler. The remaining naif of the entire shipment it is claimed, should have been entered as wrapper and the higher duty paid. The fifty-four bales alleged to have been entered as filler contained, it said, from 15 to 40 per cent. each of wrapper. The United States attorney at New York will take to the courts to justify the seizure and establish the right of the government to the tobacco. I is understood that the owners will contest the case before the courts.

TELLER AT "THE SOUTHERN."

Wilmington Secures Another of Charlotte's Banking Young Men.

Mr. Lawrence E. Covington, for several years with the Merchants and Farmers' National Bank, of Charlotte, has resigned that position and will come to Wilmington, September 15th to take the position of teller in the new Southern National Bank, of this city. The Charlotte Observer says:

"Mr. Covington is quite well known in Charlotte. He came to the city five years ago from Laurinburg as bookkeeper for Mr. W. I. Henderson. Four years ago Mr. Covington was tendered a position with the Merchants and Farmers' Bank, and by the civil service system, which has been in vogue in this institution for years, has risen step by step until he was made head bookkeeper the first of last January. There are but few more capable and energetic young bankers in the State than Mr. Covington and it is with the very greatest regret that the bank with which he has been connected for years will give him up.

"Mr. Covington's new position is a decided promotion and his many Charlotte friends wish for him the greatest success in his new field."

MR. STEDMAN TO BUILD.

Contemplated Removal to Fayetteville. Pleasing Reference to Wilmington.

Yesterday afternoon's Fayetteville Observer has the foHowing of interest to the many Wilmington friends of the gentleman named:

"Sheriff Frank H. Stedman, who was here Saturday, made some preliminary preparations for the building, early next Spring, of a handsome residence on the A. Moore lot, which he recently purchased. Sheriff Stedman will not take up his residence here until December, 1906, at which time his term of office as sheriff of New Hanover county expires. He also subscribed for 150 shares in the Cross Creek Building and Loan Association, while here Saturday.

"Fayetteville welcomes the coming of such men as Mr. Stedman, especially as he is an old Fayetteville boy who has gained honor abroad. It is also a sign of the recognition of the growing prosperity of Fayetteville and faith in its future, and in this case particularly so, as Sheriff Stedman is coming from a city that is at present outstripping all the North Carolina towns in progress."

Mr. Karr Resigns Position.

Alderman J. A. Karr, superintendent of the planing mill department of the Cape Fear Lumber Co., in this city, has resigned his position effective Saturday of this week and will leave on the same day for a business and pleasure trip to his old home in New York. Mr. Karr has not yet decided upon his future course, but is very positive that he will remain in Wilmington, which is welcome news to his hosts of friends here. Mr. Karr gives up his very lucrative position with the Cape Fear mill on account of his health and with the prospect of engaging in some line of business for himself. He has been a resident of Wilmington a little over 12 years and is thoroughly identified with Wilmington and its people.

Smith, charged with the larceny of a small amount of money from Webster Hawkins, a negro whom she inveigled into her den of vice in Terry's alley, was sent to jail in default of $50 bond for her appearance in the higher court. Lugenia Bacchus, another daughter of Ham with several previous appearances in court to her discredit, was sent to the workhouse for 30 days.

"Scrap" at the Pump.

Messrs. Tom Croom and 'Gene Harris, the last named a son of Policeman Harris, engaged in a lively personal encounter early yesterday afternoon at the pump on the City Hall yard It appears the young men had some differences about the arrest of Harris by Croom last week, when the last named was acting as a special officer. They were trouncing one another in lively fashion when Constable Savage appeared and put an end to the pugilistic endeavors. The differences were later settled in Justice Furlong's court.
